授課教師	龍天祥	Instructor	
中文課名	社會學	Course Name	Sociology
開課單位	社會工作系(四日)一B	Department	
修習別	必修	Required/Elective	Required
學分數	3	Credits	3
課程目標	本課程旨在闡述社會學之本質，對於社會學理論概要地介紹，進而分析社會結構體系以及個人與團體、制度、文化之關係，並且更進一步地闡釋在社工專業之運用。	Objectives	This course aims to describe the nature and briefly to introduce some theories in sociology. Also, this course will try to analyze the social structure and the relationships among individual, group, institution, and culture. Furthermore, the utilization of sociology in social work will be emphasized
教材	Students will have the opportunity to ask frequent questions besides and during lectures and following discussions. Students are asked to participate actively in discussion and to present a paper on a given subject (in Chinese) in written and oral form! The lecture will focus on both the theoretical background and application to day-to-day social problems.	Teaching Materials	
成績評量方式	There will be a final exam (no mid-term exam). The course marks for each student are taken from the final exam (held in CHINESE) (50%), the participation during the course (=attendance) (25%), and the presentation of the student (held in CHINESE) (25%).	Grading	
教師網頁			
教學內容	This is an introductory course for students with NO prior knowledge (that is 0% prior knowledge) in sociology. The course aims particularly at delivering both theoretical and applied knowledge of vital importance to social work students of all kinds. Only most famous and important sociologists and only their most influential sociological theories will be introduced (course language in Chinese!!), discussed and applied to common, contemporary social issues and problems, this in an easily-understandable manner. Students will be able to comprehend most vital sociological theories, which lays an important groundwork for the professional career of students.	Syllabus
