教學內容	期使學生瞭解世界主要電影運動的發展歷程。並透過影片觀賞和教材閱讀，俾令學生進一步認識電影藝術及科技的融合與演進、經濟和社會因素對電影發展的影響、以及電影對通俗文化的形成與互映。	Syllabus	The purpose of this course is to inform and excite the students about the world cinema. We will outline, clarify, and draw connections among artistic, technological, economic and social forces which have shaped and reflected in film history. We will also study selected films and filmmakers of the past, and consider various critical approaches to these works, their makers, and their times. As in any brief survey, the compression is staggering, the omissions are innumerable, and the hazard of superficiality is severe. Offsetting these liabilities is the possible reward of permanent affection for and understanding of the bygone achievements of this beautiful art and of the people who made it.
